

Potential Opportunity for Science Communication Experts

Department of Science and Technology through Gujarat Council of Science and Technology (GUJCOST) is establishing five Regional Science Museums in the State of Gujarat. The design process for the museum and the exhibits in it has been completed for three of the museums in Rajkot, Bhavnagar and Patan and the Tenders for the executing agencies in-charge of the below activities has been floated.

- carrying out the construction of the RSM as per design and specifications
- carrying out the procurement and installation of the **exhibits and exhibit components in the RSM, science exhibit content** and the interiors associated with it
- maintaining the facility for a period of 5 (five) years from completion of the Construction Period

As a part of the requirements of the Tender, the Bidder must satisfy the following “must have a Science Communication expert with at least 3 years of experience in Science Journalism/Science Writing Degree/Certified course in Science Communication either as a full time employee or consultant”. You can find the complete Tender Documents in the following links.

1. <https://gujcost.gujarat.gov.in/>
2. <https://scity.gujarat.gov.in>
3. <https://dst.gujarat.gov.in>

We believe your organization has an extensive network of professionals in this field and we hope to get them in touch with the potential Bidders for the success of this project. Look forward to connect with your organization.

P.S There is a pre-bid meeting/webinar organized on the 6th of November at 5 PM. I strongly encourage your organization members to participate as it would serve as a platform for you to connect with the potential Bidders for the project and provide opportunities for associations.
